These are some books that I have found useful in the past.

In addition to these, there are some books that I have picked up from eBay that are no longer in print.

Metallurgy. E L Rhead, Longmans (Publishers) 1939.

Metallurgy for Engineers. E C Rolason, Arnold (Publishers) 1939.

A Manual of Foundry Practice. J Lang & R T Rolfe, Chapman and Hall (Publishers) 1948.

Books available from Amazon
